SCHOLARSHIP PROGRAM NOW OPEN FOR STUDENTS PURSUING CAREERS IN DAIRY

The PA Dairymen's Association and Dairy Excellence Foundation Are Offering Twelve \$3,000 Scholarships

Harrisburg, Pa. – The annual Student Leader Scholarship program is now open for undergraduate students, including college students and high school seniors, who are pursuing a career in a dairy-related field. Twelve \$3,000 scholarships are available through a partnership between the Pennsylvania Dairymen's Association and the Dairy Excellence Foundation for the 2023-24 academic year. The scholarships opened for applications on March 1 and must be submitted online by May 1.

"There are so many students who are passionate and invested in the future of the Pennsylvania dairy industry. This annual scholarship program allows us to recognize those hard-working students and help support their educational endeavors," said Michelle Shearer, Workforce Development Manager at the Center for Dairy Excellence. "We encourage students who are pursuing a future career in dairy to apply for the scholarship."

The Student Leader Scholarships are offered annually to provide recognition, encouragement, and financial assistance to outstanding students enrolled in academic programs that support the dairy industry. Undergraduate college students and high school seniors entering college in the fall are eligible for the scholarships. One scholarship is specifically designated for an incoming freshman.

To qualify for the scholarships, students must demonstrate a commitment to working in the dairy industry. Recipients are selected based on academic performance, interest in a dairy-related career, evidence of leadership, character and integrity, and application compliance.

"The Student Leader Scholarship has enabled me to concentrate on my studies, boosting my chances of remaining in school and graduating on time. This scholarship has made a significant impact on my educational experience," said Glenn Barnes, a 2022 scholarship recipient who attends SUNY Cobleskill. "The scholarship allowed me to be more selective in how I use my leisure time. Service learning, volunteer activities, and internships are helping me make the most of my college experience."

Pennsylvania residents who are full-time undergraduate students currently enrolled in a qualifying field of study or high school seniors who are planning to enroll in a qualifying field of study are given consideration for this scholarship. Qualifying fields of study include dairy and animal science, agricultural marketing and business, nutrition, food science, agriculture and extension education, agricultural communications, agricultural engineering, or related fields.

Students can receive the \$3,000 scholarship twice during their undergraduate academic career. Students employed by the Center for Dairy Excellence as an intern or in another capacity are not eligible to apply during the period in which they are working for the Center.
