

# PROTECT YOUR DAIRY HERD

Create an bovine influenza A (HPAI) biosecurity plan for your farm.

Highly pathogenic bovine influenza A (HPAI) is an emerging threat to Pennsylvania dairies. Join an extension at a location near you for a bovine influenza A (HPAI) dairy biosecurity plan writing open house. Prepare for a potential outbreak and safeguard the health of your animals and the sustainability of your business. Free!

Registration encouraged, but not necessary for this event. Walk in, and get the help you need!
