

FARMER STRONG AMERICA PROUD

As we celebrate America's 250th, learn more about the rich history of Pennsylvania's dairy industry. Many of our dairy farm families have been farming for 100+ years, bringing fresh, wholesome dairy foods from the farm to your table.

The original deed for **Irishtown Acres**, a dairy farm in Mercer County, PA, was 1809 – which is also the year Abraham Lincoln was born.

Thousand Hill Dairy began in the late 1850s by the first generation of Hoovers from Germany, starting out with a small dairy herd, orchard and crops. More than 100 years later, they now have 200 cows and remain a multi-generational family business.

Kreider Farms was founded in 1935 and has grown from a small family dairy farm into a vertically integrated agri-food company producing milk, eggs, drinks, and ice cream. They remain family-owned and operated and bottle their milk right on the farm.
